

The advertisement features a modern interior scene. On the left, a tall, slender, vertical radiator with a brushed metal finish stands against a dark blue wall. To its left is a grey armchair with a blue and white patterned cushion. In the center, a wooden desk holds a small motorcycle model, a clock, a ruler, and a laptop displaying '18 Tuesday'. Behind the desk is a wooden file organizer with a clipboard. On top of the organizer are several books, including one titled 'HOUSE STYLE', and a potted plant. The Zehnder logo is in the top right corner.

## The Original

Often copied, but never bettered:  
When Zehnder registered its patent  
for Europe's first steel tubular  
radiator on March 18, 1930, no-one  
could have known that this invention  
would still be at the cutting edge  
over almost 90 years later.  
Zehnder Charleston was, is and  
remains without doubt a truly  
timeless classic.
